Fall Recital:

Fall Recital will be at Peery's Egyptian Theater October 3rd Participation in the recital is optional. Rehearsals for the pieces will be during regular class times. The recital is to showcase the styles and skills that students have been working on throughout the year but may not have the opportunity to perform at competitions, such as ballet, Tumble/Acro, and breaking.

The cost to participate in the recital is \$50 per student, which includes receiving a dance outfit. Additionally, tickets to attend the show will be available for \$20 each for ages 4 and above.

Solos (optional):

Dancers interested in competing in a solo must contact their personal choreographer for choreography lessons, pricing details, and costume arrangements. This choreographer can either be a teacher at our studio or an external professional. After finalizing arrangements, dancers must fill out a Google form available on the studio's BAND page to inform Hailey of their intention to compete and provide details about their chosen choreographer. The Google form is not intended as a request for choreographer you must reach out to choreographers on your own. The studio will then handle the registration of solos for competitions that teams will be participating in. Solo fees amount to \$360 and will be charged in mid-January.
